VENOSAN® Cotton Support support socks offer relief of tired, heavy, and achy legs, as well as preventative care of deep vein thrombosis. These comfortable and skin-friendly support socks are specifically designed for travel and leisure to ensure your legs feel light on long journeys in a plane or car, or anytime of extended periods of standing or sitting. Its soft, comfortable design and professional look make it a great everyday option for men and women!

Indications

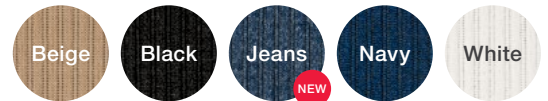

- Tired, heavy, and aching legs
- Prevention of Deep Vein Thrombosis (DVT)

Options
